

# One-Day Course for Numerical Computation

2017/03/15  
3F Conference Room

TIME	SPEAKER	TITLE
10:30~12:00	Prof. Yuusuke Iso (Kyoto University)	Introduction of numerical computation of fractional order differential equation with 1 variable
14:10~15:00	Prof. Hitoshi Imai (Doshisha University)	Accurate numerical computation for fractional order differential equation
15:10~16:00	Prof. Hiroshi Fujiwara (Kyoto University)	Numerical Analysis of Stationary Iterative Solvers in Parallel Computations
