

Undergraduate Summer Research Program (UGSRP)

Delivered in partnership with mathematical institutes and universities across Taiwan

AN INVITATION TO RESEARCH —

Bring your talent for research to Canada next summer.

Our Undergraduate Summer Research Program (UGSRP) places outstanding undergraduates from Taiwan with faculty from Universities affiliated with the Fields Institute, including the Department of Computer Science at the University of Toronto. As part of an exciting international experience, students have an opportunity to be a part of Canada's dynamic and innovative research landscape, gain a high-quality and enriching mentorship experience from world-class faculty, and have the ability to explore hands-on research in the mathematical sciences.
