郭鴻基 Recent Seminars

2024/10/16
Long-lived Concentric Eyewalls Tropical Cyclones and the Integrated Kinetic Energy
ICMCS XVI, Gyeongju, South Korea (16 屆國際中尺度對流系統研討會)

2024/10/18
ST Status and Progress
Data quality control and calibration for Storm Tracker in Taiwan
KPOP-MS /M3TRO workshop, Gyeongju, South Korea

2024/11/15
臺灣 AI 氣象預報路
成功大學

2025/02/17
Assessing AI Weather Model Insights and Developing Taiwan's DWP for High-Impact Weather Events
AI NWP Workshop with NCHC & CWA (國網與氣象署 AI 工作坊)

2025/04/15
Assessing AI Weather Model Insights and Developing Taiwan's DWP for High-Impact Weather Events
National Center for Atmospheric Research, USA

2025/04/18
Data-driven Weather Prediction in Taiwan and Long-lived Concentric Eyewalls Tropical Cyclones and the Integrated Kinetic Energy
Department of Atmospheric Science, Colorado State University, USA

2025/04/29
Data-driven Weather Prediction in Taiwan
NSTC-NCTS-MRPC Joint Conference on Interdisciplinary Research

2025/05/29
AI Weather Prediction for the Taiwan Navy
海軍大氣海洋局

2025/07/31

AI Weather Prediction for Taiwan

南藝大元宇宙學院

2025/08/22

AI Weather Prediction for Taiwan

National Center for Theoretical Sciences NCTS (數學薪傳)

2025/09/22

AI Weather Prediction in Taiwan

政治大學應用數學系

2025/09/29

Assessing AI Weather Model Insights and Developing Taiwan's DWP for High-Impact Weather Events

Environmental Earth Science, Hokkaido University, Japan

2025/09/30

Long-lived Concentric Eyewalls Tropical Cyclones and the Integrated Kinetic Energy

Environmental Earth Science, Hokkaido University, Japan

2025/10/29

AI Weather Prediction in Taiwan

數學沙龍 台大數學系
